

# KEY PRODUCT specifications

Some of Marsden Steel's key products include the following:

## STEEL PRODUCTS

**Mild Steel - Hot Rolled** – AS/NZS 3679.1:2016 C300, JIS G3101 SS400 SPHC, AS1594:2002 HA250 / 300/ 350

- Plate / Sheet / Coil
- Chequered
- Channel
- Angles
- Flat Bars
- Round Bars
- Square Bars

**Wear Resistant/Strengthened Steel Plate (supply permitting)**

- High Strength Plate Grade 80
- Wear Resistant Plate Grade 400

**Cold Rolled Sheet** – AS/NZS 1595 NZCD-SD, JIS G3141 – SPCC SD

- Sheet
- Coil

**Wear Resistant/Strengthened Steel Plate – ASTM A514, JIS G3106**

- Sumihard K - 360 & 400
- Sumiten 80S
- Medium

**Cold Rolled Sheet** – JIS G3141, SPCC/SPCD/SPCE

- Sheet
- Coil

**Electrogalvanised** – JIS G3313, SECC/SECD/SECEN  
**Galvanised** – JIS G3302, SGCC Z275 Zero Spangle & Regular Spangle

- Sheet
- Coil

**Steel Pipe/Tubes** – AS1163:2016 C250/350/450, AS1074

- Welded (ERW)
- Seamless - API
- Rectangular Hollow Sections (RHS)
- Square Hollow Sections (SHS)
- Cattle Rail
- Steel Sprinkler Pipes ASTM A135

**Hot Dipped Galvanized Mild Steel** – JIS G3101:2014 SS400, Q235B/Q345

- Angles
- Flat Bars

**Steel Rod**

- Low Carbon - JIS G3505 SWRM
- High Carbon - JIS G3506
- Carbon Cold Heading - JIS G3507
- Carbon Machine Structural - JIS G4051
- Carbon Spring - JIS G4801

**Reinforcing Bars** – AS/NZS 4671:2001 300E/500E

- Rebar
- Plain

**Stainless Steel**

- Seamless tube and pipe
- Stainless Pipes Fittings
- Exhaust Components
- Welded & Re-drawn Tubes
- EGR Components
- Casting Components

## WIRE PRODUCTS

- Black Annealed Wire / Nail Wire / Twisted Wire – cut length or coils: TS 320-380 MPA
- Electro Galv Wire – Cut Length / Coils: TS 320 – 380 MPA
- HD Galvanised Wire Coil – GB/T701 – 2008, ASTM A283M 1993a
- Aluminium Clad Wire – ASTMB 415 2013
- High tensile Hot Dipped Galv Wire – AS3607 TS 550-750 MPA
- Aluminium Tie Wire Reels
- Galvanized Soft Low Carbon: SWG/BWG
- Ribbed Wire - BS 4483
- PC Strand Wire - AS/NZS4672:2010 Part 1 and 2
- Small Garden Pack Wire Coils - PVC Coated / Galvanized
- Stainless Steel Wire – AISI: 304-316
- Nails – Bright / Galvanized / Stainless Steel / Gold Passivate
- Steel Chain – G30 Low Carbon

## CHAIN LINK MESH PRODUCTS

- HD Galvanised chain link mesh – GB/T701-2008: 90/95% Zinc - 10/5% Aluminium. Galv coating: 245g/M2
  - 2.5/3.15mm Diameter Hexagonal
  - 50mm & 75mm Mesh Size.
  - Custom Made to Suit
- PVC Coated Chain Link Mesh/Panels - Diameter/Size Custom Made to Suit.

For quality products and reliable advice, please contact Maria Sisson to discuss your Steel, Wire or Chain Link needs at:
